

### Fish Rodeo Winners in Upper Bracket

## Second Annual Jaycee Fish Rodeo Nets Nearly 2,000 Fish for Anglers

Nearly 2,000 fish were caught by youngsters in the second annual Jaycee Fish Rodeo Saturday at the Ben Lippold Ranch northwest of town. Prizes donated by Canyon merchants were awarded to the biggest perch and catfish and the most fish caught. The contest was in two divisions.

F. A. Records of Phillips, Jaycee state vice president, brought his family to the rodeo, and told local Jaycees that the promotion was a success in his eyes.

In the older division of the contest, from 9 to 14, Jerry Nichols won a camera from The Pharmacy for an 8 1/4 inch perch. Lane Cosby got \$5 from H. R.'s Greenhouse for a 12 1/2 inch catfish.

**Winners in the upper bracket of the Jaycee Fish Rodeo were Ronny Wooten, Lane Cosby, George Cox, Davis Womack, Randall Callison, Alice Womack, Billy Crossland and Jerry Nichol.**

Ronny Wooten won a rod and reel from Thompson's of Canyon, Inc., for catching the most fish in the division, 99. Lane Cosby and George Cox tied for second with 73 fish, and Cosby won a baseball glove from M. E. Moses and Cox got a tackle box from Sam Jolly, the Globe-News agent.

David Womack won third with 62 fish and got a casting rod from Metropolitan Life Insurance Agency, Don Singleton. Randall Callison and Alice Womack tied for fourth with 60 fish and Callison got a camp cook kit from Western Auto and Miss Womack got a refreshment set from Taylor and Sons. Billy Crossland won fifth with 51 fish and got three records from H. R.'s Greenhouse.

Total fish caught in the group was 696.

In the lower division, eight years and under, Earl Love caught a 12 1/2 inch catfish to win \$5 from Bellah's and Tony Dale Burrus caught an 8 inch crappie to win a camera from the Canyon Drug.

Catching the most fish was Mary Lou Parks with 130. She won a

rod and reel from the Canyon Chamber of Commerce. Richard Fulton was second with 120 fish and received a gift certificate from Warren's.

Ricky Truitt won a tackle box from Bruce Blackaby Ford for catching 110 fish. Tony Dale Burrus caught 105 fish and won a rod from Canyon Sports and Marine.

Gary Tuckey caught 96 fish and won a lunch pail from Cooper's Market. David Morris caught 64 fish and received a flashlight from Western Auto. The lower age group caught 902 fish.

Judges for the contest were Game Warden Woody Pond, Ben Lippold, Doug Rittenberry and Don Singleton. Helping in the contest were L. J. Witkowski, Mike Morris, Benny Vaughan and Sam Jolly. Singleton was chairman of the rodeo. The Jayceettes operated a concessions stand.

Mr. and Mrs. John L. Williams gave 50 worms to each entrant who went by the Williams worm farm at 2007 First Avenue.

### Win, Tie Start Babe Ruthers

The 1959 Babe Ruth League season started Monday with two games played, one a win for the White Sox and the second a 10-10 tie between the Cardinals and the Pirates.

With Harry Lisle throwing a two-hitter, the White Sox defeated the Giants 9-2 Monday afternoon. Don Breitting started for the Giants, and was relieved by Larry Holman.

Tuesday afternoon's game was called because of darkness at the end of the seventh inning. The tie game will be played off later on a date to be set by the managers.

"Squeek" Adams started pitching for the Pirates and Douglas Ward finished. Albert Keller was the pitcher for the Cards.

Games scheduled for the next week are Pirates vs White Sox Thursday, Cardinals vs Giants Saturday, White Sox vs Cardinals Monday and Giants vs Pirates Tuesday. Games start at 5:30 p. m.

### Editor Leaves For New Post

Bill Cherry, editor of The Canyon News since Aug. 1, 1955, will leave June 27 to become editor of the Lewistown Daily News in Lewistown, Mont.

No successor for Cherry has been named by A. C. Haley Jr., publisher of the Canyon News.

Cherry is married to the former Dovie Keene, daughter of Mrs. E. L. Keene of Canyon. They have two children, Cristi, 18 months, and Angela, two months.

### Sudan Businessman Speaks Here Today

Joe Salem, Sudan businessman, will be speaking to three groups here today.

Salem will make speeches at the Lions Club at noon in the American Legion Hall, the Baptist Student Union at 6:30 and the First Methodist Church family night at 7:30.

Salem, who recently toured Russia, will speak on "What I Learned About Religion in Russia" at the Methodist Church. Each family is to bring either a freezer of ice cream or a cake.

Salem is one of four delegates from this area to the general conference of the Methodist Church, meeting in Denver next year, and is a member of the Texas Council of Churches.

### Salute to Dairy Month

This is the object of the observance of June as Dairy Month—the cows that produce the milk we use. This modern milking parlor uses vacuum milkers, with the milk running through stainless steel pipes to a stainless steel refrigerated tank and is located on the Bible Brothers dairy farm south of Canyon. The parlor has six stalls and three cows are milked at one time.

☆☆☆

☆☆☆

☆☆☆

## Dairy Industry Provides Stable Agriculture for Randall County

One of the most stable agricultural industries in Randall County is being saluted this month with the observance of Dairy Month.

Dairies and dairy associations have been established in Randall County since the mid-1920's, and between 50 and 55 Grade A herds have been held here for the past 20 years. At present there are 53 herds, according to County Agent John Brazzil.

The check that comes to dairymen in the county runs steadily at \$100,000 a month, for a yearly milk income of \$1.2 million, Brazzil said. He said the dairy industry is the most stable income from agriculture in the county.

Most of the dairies in this county are family operations, most are on dryland farms and most are on small acreages—half a section or less. Most of the herds are Holstein. Two herds are not Holstein, but both contain some Holstein cows, Brazzil said.

Randall County is the largest producing county in the Amarillo milkshed, and all of the milk produced here goes to Amarillo processors.

A decided change in operation of dairy farms is underway, with about half of the dairies having

changed to tank system whereby the cows are milked by vacuum pumps. The milk runs through stainless steel or plastic pipes to a refrigerated tank. A refrigerated tank truck picks up the milk and delivers it to the processor without it having been touched by human hand.

Of the remaining half, about half are using mechanical or vacuum milkers and a pipeline system that empties into cans. The cans are kept in refrigerators and picked up by truck for delivery.

Brazzil said that dairies using the tank system can be operated by one man and about 40 head can be milked.

The average herd in this county is about 30 cows in the milking string, with other cows dry and a replacement herd coming up. Most of the dairy farmers raise their own replacement herds, and many use artificial insemination.

Much of the semen used comes from bulls owned by the Central Ohio Association, and is from the top bulls in the country. Brazzil said the semen is frozen, and can be used at any time. Some of the semen in storage is from bulls that have been dead two years.

Randall County has some of the

top dairy herds in the state. Each year, a Merit List of herds that average 10,000 pounds of milk per cow is published, and 10 herds here have made the honor roll at various times. Herds owned by Louis Henders and Neil Downing have won first place on the list.

During the past five years, 30 herds in the county have been active in the Randall County Dairy Herd Improvement Association. The association checks milk richness, milk production and feeding mixtures, keeping a record on each cow.

Many farmers keep livestock records on their herds, Brazzil said. Dairy farmers in the county raise much of their own roughage and grain, such as milo, oats, alfalfa and ensilage. A by-product of the dairy industry that helps other farmers is the contract purchase of manure.

Con't on Back Page, Section 1

**Winners in the lower bracket of the Jaycee Fish Rodeo were Mary Lou Parks, Richard Fulton, Ricky Truitt, Tony Dale Burrus, Gary Tuckey, David Morris and Earl Love.**

### Babe Ruth League Faces Crisis; Meeting Set Friday Night at Gym

In an attempt to solve the problems facing it, the Babe Ruth League has scheduled a mass meeting at 7:30 p. m. Friday in the West Texas State College field house.

Interested persons and fathers of Babe Ruth League players are urged to attend, according to George de Schweinitz, league secretary.

Chief problem facing the community baseball project is lack of support.

Appeals for volunteer workers, both as umpires and workers to erect light poles at the park, have fallen far short. Attendance at weekly meetings has been low.

Attempts will be made at Friday's meeting to gain a body of volunteer workers to umpire and to collect funds to keep the league out of debt. Umpires will need to work once a week during the present six-week schedule.

Deficit financing is another problem. The league has a bank account of \$1,793.32, and expenses, not including electricity, are running about \$2,000 for installation of lights, purchase of poles and equipment, insurance, registration fees and other expenses. Grants from the Lions Club, the Little League and the Randall County Commissioners account for most of the bank account. Some money will be coming in from the joint operation of the concession stand with the Little League, but how much is uncertain.

Efforts will be made Friday night to secure someone to assume full responsibility for directing the league. Presidents of the league this year have been forced to give up the office because of other obligations. Lt. Col. Edward L. Lindsey is at a Reserve Officers' Training Camp this summer, and Dudley Moore Jr. is president pro tem. Other officers assuming his responsibilities are Hampton Lisle and George de Schweinitz.

Another post to be filled Friday night is a Canyon lawyer to act in

an advisory capacity.

Unless the problems are solved, the league may have a hard time continuing, de Schweinitz said.

### Services Thursday For J. E. Mickey

Funeral services for John E. Mickey will be conducted at 2 p. m. Thursday in the Central Church of Christ by C. L. Kay, former director of the Church of Christ Bible Chair at West Texas State and presently on the staff of Lubbock Christian College.

He will be assisted by Gordon Downing, director of the WT Bible Chair.

Burial will be in Dreamland Cemetery under direction of Warren-LaGrone Funeral Chapel.

Mr. Mickey, 62, died Tuesday morning in a hospital in Farmington, N. M., where he was taken after he suffered a heart attack. He was visiting a son, Kenneth Mickey, in Flora Vista, N. M.

Born Jan. 20, 1896, in Eulogy, Texas, Mr. Mickey had lived in Canyon since 1943. He operated a service station here for several years.

In addition to his son in New Mexico, survivors include his wife, Mrs. Eva May Mickey; two daughters, Mrs. Herman Demus and Jo Ann Mickey, both of Canyon; four other sons, Robert R. Mickey, Channing, and Elmer Gene, Donald R. and Mark Mickey, all of Canyon.

### Assistant Coach Leaves Canyon

Assistant Canyon High School Coach John Howle has resigned to become head coach at Memphis High School.

Howle started his coaching career last fall in Canyon. He was an All Border Conference end at Texas Western and played two seasons of professional football, one with Pittsburgh Steelers and one with the Washington Redskins.

### 5 Absentee Ballots Cast

Five absentee ballots in the Home Rule Charter election had been cast up to yesterday afternoon, according to information from the city hall.

Absentee voting began last Wednesday and ends on June 20. The election will be held June 23 at the city hall, with polls opening at 8 a. m. and closing at 7 p. m.

Those who can vote in the election are residents holding either a valid poll tax receipt or an exemption. On the ballot are two propositions, one for the Home Rule Charter and one for the election of two commissioners in the event the charter is adopted.

There are three candidates for the two commission posts. John A. Williams is running for Place No. 4 and Delbert Lowes and J. C. Newton are running for Place No. 5.

A mass meeting to explain the provisions of the proposed charter will be held Tuesday at 7:30 p. m. in the district courtroom in the courthouse. The mass meeting is being sponsored by the Canyon Chamber of Commerce.

### Canyon Resident Injured in Mishap

Mrs. Wesley Smith of Canyon suffered abrasions and shock Friday when her car smashed through a barrier on the Amarillo-Canyon Expressway.

Mrs. Smith clung to the steering wheel of the car for several yards after the car struck the barrier and veered to the right, and then she fell to the ground. A passing motorist summoned an ambulance that took her to Neblett Hospital, where attendants said her condition was not serious.

She was released two days later.

### Dairy Meeting Set Thursday Night

The effects of new legislation will be discussed by Arch Meekma, Extension Service Dairyman, at a meeting of Randall County dairymen at 8:30 p. m. Thursday. The meeting will be in the Farm Bureau Building.

Meekma will tell about the new law governing local option Bangs Certification Areas. He will also talk of new work on mastitis detection that shows trouble in herds before dairymen see the disease in its secondary form.

The cows are milked mechanically, the

Too much loose talk can get a guy into a mighty tight spot.

(Expires June 15)

With school out for the summer, telephones in many houses will probably be getting a real workout.

There'll be calls from the children's friends at most any hour of the day — to round up the group for a game, to arrange to meet at the movies, or to compare notes on a new bike or the latest record album.

Whatever the call, the telephone is always there to help teenagers—and small fry, too—have more fun during vacation.

If you have children whose friends keep the phone ringing at a merry clip, make it easy for your youngsters to answer without running through the house. Extension telephones will do the trick.

Why not call the telephone company for a home extension telephone today? The cost is low, just 75 cents a month plus installation.

**Call by number. It's twice as fast.**

## RAMBLING AROUND

DOYLE G. THOMAS

Cotton farmers who selected the choice B cotton allotment may change their choice back to A provided they lost part or all of their cotton from hail or excessive moisture. In order for this change to be approved by the committee, an application must be made at this office and an actual inspection made to determine the acreage lost.

We urge any farmer who lost acreage during the storms and who wants to change his choice to contact this office for the details.

One of the biggest headaches, both to farmer and this office, is the proper constitution of farms. If land has been sold off of a farm, it would save lots of these headaches if the farmer would let this office know immediately. By doing this we can change our records accordingly and our mail will go to the right person.

Changes in addresses also cause trouble. We need to know about these changes in order for the farmer to be assured that he will receive notices that he needs.

It looks like the wheat program for 1960 has been settled although there is still a slight possibility of Congress making some changes.

We have been advised to proceed with the allotment work on the past.

It is expected that the 1960 allotment will be about the same as that in 1959. A reduction, if any, will be small. The wheat referendum will be held on July 23 and it is expected that the 1960 allotments will be in the hands of the farmer considerably before this time.

### SIDE VIEWS

Commissioner Beckman telling us that he will treat bind-weeds along the roadways provided the farmer across the fence is also treating them. John Jennings getting ready to plant his sudan cover crop on Conservation Reserve acreage. Harold Bryan redeeming his farm storage wheat loan. John Currie relaxing on his back porch while the boys took a swim in the pool. Baile McCormick mowing weeds on his Conservation Reserve acreage to protect a fine stand of grass. J. R. Parker in the County Agent's office getting the latest information on spraying grass in cotton. Allie Clark, our Chief Clerk, leaving on a two week vacation (we're lost). Bob Anderson saying that if he had to get hauled out he was glad it was this year instead of last year.

### SOLID FOOTING

The fellow who starts at the bottom is always sure of having something solid to fall back on.

### CITATION

THE STATE OF TEXAS  
TO: MARY A. SMITH, ALICE E. FENTON AND HUSBAND, J. M. FENTON, EMILY ALICE FENTON and FENTON, WHOSE FIRST NAME IS UNKNOWN BUT WHO WAS THE HUSBAND OF EMILY ALICE FENTON, ALICE EMILY FENTON AND FENTON, WHOSE FIRST NAME IS UNKNOWN BUT WHO WAS THE HUSBAND OF ALICE EMILY FENTON, LEWIS E. FENTON, RAYMOND F. FENTON, THE HEIRS AND UNKNOWN HEIRS AND LEGAL REPRESENTATIVES OF MARY A. SMITH, ALICE E. FENTON AND HUSBAND, J. M. FENTON, EMILY ALICE FENTON AND FENTON, WHOSE FIRST NAME IS UNKNOWN BUT WHO WAS THE HUSBAND OF EMILY ALICE FENTON, ALICE EMILY FENTON AND FENTON, WHOSE FIRST NAME IS UNKNOWN BUT WHO WAS THE HUSBAND OF ALICE EMILY FENTON, LEWIS E. FENTON, RAYMOND F. FENTON AND WILLIAM E. SMITH AND THE LEGAL REPRESENTATIVES OF SUCH HEIRS AND UNKNOWN HEIRS, DEFENDANTS IN THE HEREIN-AFTER STYLED AND NUMBERED CAUSE:

### GREETINGS:

You and each of you are hereby commanded to appear before the Honorable 47th Judicial District Court of Randall County, Texas, at the Court House in Canyon, Texas, at or before 10:00 A. M. of the first Monday after the expiration of forty-two (42) days from the issuance hereof, same being Monday, the 20th day of July, 1959, and answer the petition of Plaintiffs, Sid F. Powers, Sr. and Sid F. Powers, Jr., filed in said Court on the 3rd day of June, 1959, said suit being Cause No. 3774, in which suit Sid F. Powers, Sr. and Sid F. Powers, Jr. are Plaintiffs and Mary A. Smith, Alice E. Fenton and husband, J. M. Fenton, Emily Alice Fenton and Fenton, whose first name is unknown but who was the husband of Emily Alice Fenton, Alice Emily Fenton and Fenton, whose first name is unknown but who was the husband of Alice Emily Fenton, Lewis E. Fenton, Raymond F. Fenton; the heirs and unknown heirs and legal representatives of Mary A. Smith, Alice E. Fenton and husband, J. M. Fenton, Emily Alice Fenton and Fenton, whose first name is unknown but who was the husband of Emily Alice Fenton, Alice Emily Fenton and Fenton, whose first name is unknown but who was the husband of Alice Emily Fenton, Lewis E. Fenton, Raymond F. Fenton and William E. Smith and the legal representatives of such heirs and unknown heirs, are defendants.

The nature of said suit is as follows:  
Said suit is an action in trespass

to try title as defined by the statutes of the State of Texas, and prescribed by the Rules of Civil Procedure, alleging the ownership in fee simple by Plaintiffs, Sid F. Powers, Sr. and Sid F. Powers, Jr., of the title to and possession of the following described land and premises located in Randall County, Texas, to-wit:  
All of Section Thirteen (13), Block Two (2), AB&M Survey, containing 640 acres, more or less, in Randall County, Texas, SAVE AND EXCEPT an undivided 1/4 interest in and to all of the oil royalty, gas royalty, and royalty in casinghead gas, gasoline royalty and other minerals in and under and that may be produced from the above described land, such royalty being a non-participating royalty, such royalty being that royalty interest which was, on November 19, 1938, conveyed by Carleen McCuiston Bland to L. H. Puckett by deed recorded in Volume 82, page 60, Deed Records of Randall County, Texas, and that royalty interest which was, on November 19, 1938, conveyed by Carleen McCuiston Bland to L. H. Puckett by deed recorded in Volume 81, page 599 of the Deed Records of Randall County, Texas; and SAVE AND EXCEPT an undivided 1/32 of the oil, gas and other mineral in and under and that may be produced from said land, being a non-participating royalty of 1/32 of the oil, gas and other minerals and being 1/4 of the usual 1/4 royalty, being that royalty interest which was reserved and retained by Carleen McCuiston Bland in a deed dated March 22, 1951, from her, as grantor, to Frederick George Becker, as grantee, recorded in Volume 131, page 205 of the Deed Records of Randall County, Texas; alleging additionally that Plaintiffs have title under the five, ten, and twenty-five year statutes of limitations prescribed by Articles 5509, 5510, 5518, 5519 and 5519(a), Texas Statutes, respectively; that the Defendants actually own no interest therein and any apparent interest should be removed as a cloud upon Plaintiffs' title; and seeking recovery of the title and possession of the land and premises above described, together with the removal of any apparent cloud upon the title of the Plaintiffs, costs of court and general relief.

If this citation be not served within ninety (90) days after the date of its issuance, it shall be returned unserved.

WITNESS Mavis Hill, Clerk of the District Court of Randall County, Texas.

Issued and given under my hand and the seal of said Court at its office in the City of Canyon, Randall County, Texas, this 3rd day of June, 1959.

MAVIS HILL  
Clerk of the District Court of Randall County, Texas

By VERN SANFORD  
Texas Press Association

Whether and how the state's tax problem is met now depends largely on the Senate.

House members, apparently eager to "get the monkey off their backs," passed out most of the program recommended by Gov. Price Daniel.

Biggest milestone was House passage by a 71-to-56 majority of the governor's "package bill". As finally passed, it would raise about \$150,000,000 in two years — only about \$10,000,000 short of the governor's goal.

Included in the "package" would be an increased levy on natural gas, a new franchise tax on interstate corporations and bigger taxes on tobacco, liquor, automobile, utilities, etc.

Some members bitterly criticized the bill as dangerous to Texas' industrial future and a product of the labor-liberal lobby. But most seemed to agree that it is "the only way to avoid a general sales tax or income tax."

Senators showed no apparent desire to set a speed record on the first money-raising bills sent them by the House. Bookkeeping bill, designed to erase part of the \$65,000,000 deficit by changing the accounting procedure, was sent off for an Attorney General's opinion on its constitutionality.

A bill to increase the corporation franchise tax for one year only — also to ease the deficit — was set aside. Better to wait for the whole program, the Senators decided, than to work at it "piece-meal."

Senate did take one step forward, however, when Sen. Crawford Martin of Hillsboro introduced the abandoned property bill which had bogged down in the House taxation committee.

### STITCH-AND-CUT TEAM

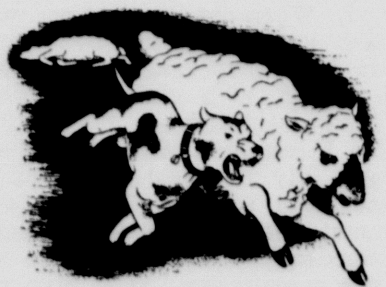

Ten lawmakers — five from the House, five from the Senate — have the difficult task of making one package out of the different spending bills passed by the two houses.

Sen. William S. Fly of Victoria and Rep. Bill Healy of Paducah head the group. House-passed appropriation bill is more than \$20,000,000 larger than the Senate's. Conference Committee's task will be to cut a little off here, tack a little on there until an acceptable compromise is reached.

In past sessions, this piecing-together process has taken several weeks. Even on a day-and-night schedule, this committee will be hard-pressed to finish its job before the present session ends in mid-June.

More than different spending ideas separates House and Senate. Each house used the bill to express its ideas on how the State Board of Insurance should operate. House says full-time; Senate, part-time. Unyielding views have been expressed on each side.

Other members of the committee are Sens. Floyd Bradshaw, Weatherford; Ray Roberts, McKinney; Crawford Martin, Hillsboro; and Wardlow Lane, Center. Reps. John Huebner, Bay City; Truett Latimer, Abilene; B. H. Dewey,

Bryan; and Jesse Osborn, Mule-shoe.

ELECTION CHANGES URGED  
Study leading toward a complete revision of the Texas Election Code is the goal of a House-passed resolution. Rep. Harold Parish of Taft is sponsor.

If passed by the Senate, the resolution would provide for a 15-member committee to draft recommendations for the 1961 legislative session.

Making up the study panel would be three House members, three Senators, the Attorney General, the manager of the Texas Election Bureau, three persons named by the governor and four persons named by the national committee members of the Republican and Democratic parties.

### ALL ONE JOB

Two House committees — taxation and appropriations — would be merged under a resolution proposed by Rep. Truett Latimer of Abilene. One committee of 31, called the House Ways and Means Committee, would replace the two 21-member groups.

Latimer declared that since money raised and spent have to come out even, it would be more logical to have the decisions made jointly rather than separately.

### FARM-MARKET ROAD CHANGE

State's pressing money shortage may bring about a change in the favored budget position farm-market roads have had for the past 10 years.

Since the Colson-Brisco Act was passed in 1949, the General Revenue Fund has been automatically nicked \$15,000,000 a year for F.M. roads. Goal was to build 35,000 miles of all-weather rural roads.

Rep. Richard Slack of Pecos has introduced a bill to take F.M. road spending out of the State Highway funds rather than from General Revenue. It would not cut farm road spending, but would reduce the money available to the Highway Department for state highways.

Sen. Neville Colson, Navasota, co-author of the 1949 act, opposes

## Lou Lester Club Names Officers

Officers were named when the Lou Lester Club met May 26 in the home of Mrs. Frank Phillips. Mrs. Ethel Campfield will be president. Other officers will be Mrs. Leatha Fullerton, vice president; Mrs. Viola Gum, secretary; and Mrs. Cortez Dowlen, treasurer. Mrs. Orla Hughes, junior past matron of Canyon City Chapter No. 105, was initiated. Refreshments were served to

any alteration in the program. Even though more than 29,000 miles have been paved, she said there are still school bus and mail routes that are not "out of the mud."

Farm Bureau opposes, as well as others who say that it will lead to an increase in gasoline taxes to make up the cut in highway funds.

Those favoring the change argue that the farm road program has had creamy spending for a long time, but that with general revenue going \$65,000,000 in debt, it can no longer be afforded.

### NOT YET, DOT DECIDES

Democrats of Texas threw a lot of bricks at U. S. Sen. Lyndon B. Johnson at their Austin convention, but stopped short of an open drive against his nomination for President.

State AFL-CIO President Jerry Holleman headed off resolutions, saying "this is not the time."

DOT did agree to change its name to the Democrats of Texas Clubs (DOTC). It had been frequently criticized for having a name that could be confused with the official Texas Democrat Party organization.

Despite their official "wait and see" attitude about presidential nominees, the delegates made their sentiments clear. They cheered when Adlai Stevenson's name was mentioned and applauded criticism of recent legislation designed to help U. S. Senator Johnson.

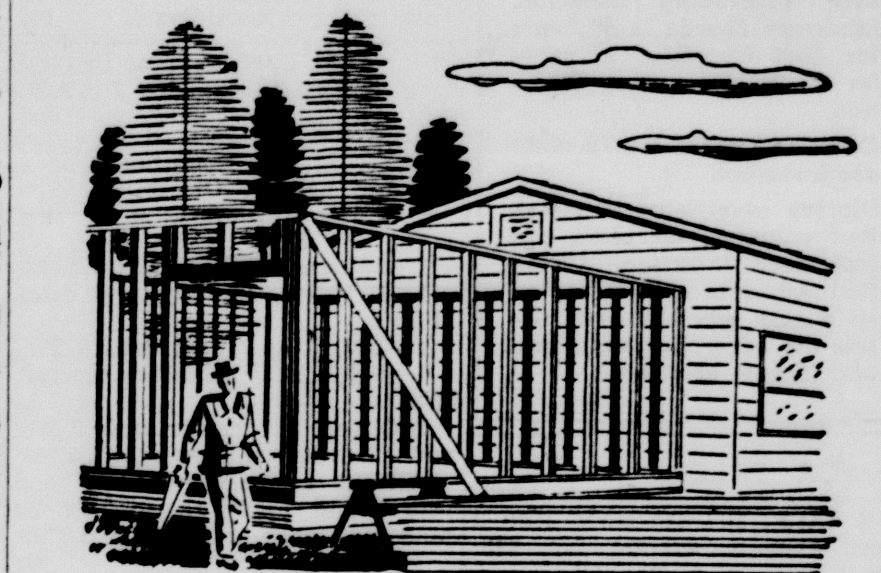

Mrs. Lucy Brown, Mrs. Viola Gum, Mrs. Marie Hair, Mrs. Cortez Dowlen, Mrs. Mattie Gerald, Mrs. Orla Hughes, Mrs. Irene Beard, Mrs. Clara Lou Slack, Vera Crawford, Wilma Hixson, Mrs. Nina White and Mrs. Ethel Campfield.

Run from your responsibilities and you'll never go very far.

## Home Rule Charters a Modern Development for Cities in Texas

Home Rule Charters for cities in Texas is a comparatively new development. Historically speaking, even the incorporation of cities came in modern times.

Cities as incorporated units of government came into existence after Texas gained its independence in 1836, and then only when the Congress would grant a charter. When Moses Austin came to Texas in 1820 to see about establishing a colony of American families, he found only two villages in the vast region, San Antonio and La Bahia or Goliad. The population of the two villages was 2,516.

College Graduates  
May Seek Admission

College graduates and seniors now have an opportunity to apply for the Air Force's new officer training program.

The program is open to men 20½ to 27½ years of age with a college degree. College seniors may apply four months before graduation. Both married and single men are eligible.

Successful applicants will be assigned directly to three months of officer training at Lackland Air Force Base near San Antonio. Upon completing the officer training course, individuals will be commissioned and go to an Air Force unit for duty or to further training in a technical field of flight training.

For information or application, see the Air Force recruiter at 114 E. 9th Ave. in Amarillo or call DR 2-6587 or DR2-6588 collect.

## GUIDEPOST

Family tradition is a fine thing only when used to set a course in life—not as an anchor.

The futility of giving free advice to others doesn't seem to be much of a checkmate.

SOIL CONSERVATION  
DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

The Randall-Potter Soil Conservation District have many different types of implements for rent to co-operators of the District. These rent for a small fee, enough to replace the machine when it is worn out. These machines are serviced and repaired by the vocational agriculture boys and their instructors.

To rent a machine, contact the instructor at the High School, and he will quote the amount of rental and will assist in getting the machine loaded. The vocational agriculture boys share in the rental receipts. They receive this for taking care of the machines. The receipts helps the boys and the District.

They have for rent legume seeders that work between rows after the feed is twelve to twenty-four inches tall. These drills plant between the rows of feed after the water furrows have been made.

They have land levelers to float your land with. These levelers are the right size for farm tractors to operate. They will smooth out high spots and fill in low places. You can also work out old fence rows and hummocks.

You can rent a two-yard carry-all for extensive filling and cutting. If you have a lake spot you can use this carry-all to fill in low places and also obtain the dirt from a high spot or out of your built.

## LEGAL NOTICE

NOTICE  
TO ALL PERSONS HAVING  
CLAIMS AGAINST ESTATE OF  
CARL B. MEADOWS, DECEASED

Notice is hereby given that original letters of administration upon the estate of Carl B. Meadows, deceased, were issued to me the undersigned, on the 1st day of June, 1959, in the proceeding indicated below my signature hereto, which is still pending, and that I now hold such letters. All persons having claims against said estate, which is being administered in the County below named, are hereby required to present the same to me respectively at the address below given, before suit upon same are barred by the general statutes of limitation, before such estate is closed, and within the time prescribed by law. My residence and post office addresses are:

Mrs. Violet M. Meadows  
3502 Lewis Lane  
Amarillo, Texas  
Dated this 3rd day of June, 1959.  
VIOLET M. MEADOWS  
Administrator of the Estate of  
Carl B. Meadows, Deceased,  
No. 1110, in the County Court  
of Randall County, Texas. 911

up fence rows. This carry-all works hydraulically.

You may rent stalk shredders. They have two. One is a large fifteen float rotary shredder. The other is smaller, but is also rotary. With this type shredder, you can shred all of the stalks and work them into the soil. They will decay faster and will not interfere with irrigating. These shredded stalks will also keep the soil from packing and running together.

If you have bind weeds or other noxious weeds you can rent a sprayer from the District. They have two sprayers, one for livestock and the other for noxious weeds. These sprayers have a boom so you can spray irrigation ditches and barrow pits and fence rows.

They have fertilizer spreaders and if you are irrigating and trying to get a heavy yield, you should fertilize your land.

They also have grass drills for rent. With these drills, you can over seed your pastures and also plant old fields that you are taking out of cultivation.

The supervisors are open to suggestions on the size and types of equipment that would help the farmers, so if you think they should buy a certain kind and type, let them know, and they will be glad to check on the demands of this implement. If enough farmers want one, they will be glad to purchase one.

Terry Wilson Is  
Promoted To A-2c

Airman Terry Wilson of Canyon received orders last week promoting him to the rank of Airman Second Class in the U. S. Air Force.

He is now serving as an administrative clerk for the fifteenth Air Force Reconnaissance Squadron at March Air Force Base near Riverside, Calif. Airman Wilson has been stationed at March, a Strategic Air Command base, since January, 1957.

He and his wife, the former Gloria J. Rose of El Segundo, Calif., live at 1981 7th Street, in Riverside, with their daughter, Robin, 10-months-old.

Airman Wilson was born in Floydada, but he and his family plan to make their home in Canyon.

LIPSTICK  
LOGIC  
BY  
LOUISE ALLEN

Everybody needs to make a new start occasionally. The feeling that this one thing is finished, even when the ending is accompanied by a touch of sadness, refreshes the soul.

Many duties of love or dedication are demanding, and leave a woman little time to herself. The pleasure of companionship, however, and of being needed, offset the lack of independence. But once the time has passed when it's necessary to tend a small child, take care of an invalid, be on 24-hour duty as a minister's wife, or teach school, the sense of 'holding on' for so long is released. Then the world opens up like the heart of a rose. "Now what?" it seems to say.

Some psychologist has said that every person should have three distinct phases to his adult career. About every ten years, he observed, one ought to pull up stakes and move on to new frontiers of activity. Well, that may not be practical for a woman, but can't she get the same feeling by finding new hobbies, working in different types of clubs, seeing things from the other side of the fence?

If every woman could realize the sense of emotional housecleaning that comes with reaching a stop sign in the daily routine of a demand job well done, there'd be more calmness and less frustration in the world. Also, women would be more willing to accept responsibility.

Of course there are warning

## the road-hugging Wide-Track Pontiac!

Wide-Track Wheel design brings car and road into a new relationship. The wheels of a Pontiac are five inches farther apart. This widens the stance but not the car. There's a feeling of complete control, road-holding response. You're steadier, more secure, balanced. Lean and sway disappear. It's the automotive advancement of the year and one of the big reasons why you see so many new Pontiacs these days. Hasn't the day come for you to drive this sleek beauty? The keys are waiting.

PONTIAC! AMERICA'S NUMBER 1 ROAD CAR

THE ONLY CAR WITH WIDE-TRACK WHEELS  
Dotted lines show conventional wheel positions. Pontiac's wheels are five inches farther apart. This widens only the stance, not the car itself. Pontiac hugs tighter on curves and corners. Sway and lean are considerably reduced, ride is smoother, balanced, steadier.

Washington Report

Expenditures

By Representative Walter Rogers  
18th Congressional District

Watch for the above word. It may become one of common usage, borne of mistake but most expres-

sive and, perhaps, appropriate at the point of mistake.

In 1949 the Congress passed the "Reorganization Act of 1949." It required, among other things, that reorganization plans adopted by the Executive Branch of the government be transmitted to the Congress. It also provided that no provision contained in such a reorganization plan should become effective unless the plan was transmitted to Congress before June 1, 1959.

The bill before the House the other day had to do with changing the deadline from June 1, 1959, to June 1, 1961. A great debate arose on the House Floor, not so much because of the proposed change of date, but because of the controversial nature of the original Act itself.

The big issue involved had to do with the provision in the bill that, if a reorganization plan was submitted to the Congress, it would take effect upon the expiration of 60 calendar days unless a resolution was adopted by one of the Houses of Congress specifically disapproving the plan.

This means that the Executive (President) Branch of the government would write the legislation under this bill and submit it to the Congress. If the Congress, through one of its Houses, did not veto the legislation, it would become law. This procedure is in direct reverse of the procedure outlined under the Constitution. Legislation under the Constitution is to be prepared by the Congress and submitted to the President. The President has the right to veto the legislation.

So, you can see that the procedure under the Reorganization Act simply reversed the operations of the government. Many Members of Congress opposed this procedure, as did I. I think that history will prove that our forefathers knew a lot better how to handle this sort of situation than those who are so anxious to pass legislation that they can't wait for the Congress to draft the bill and take affirmative action on it.

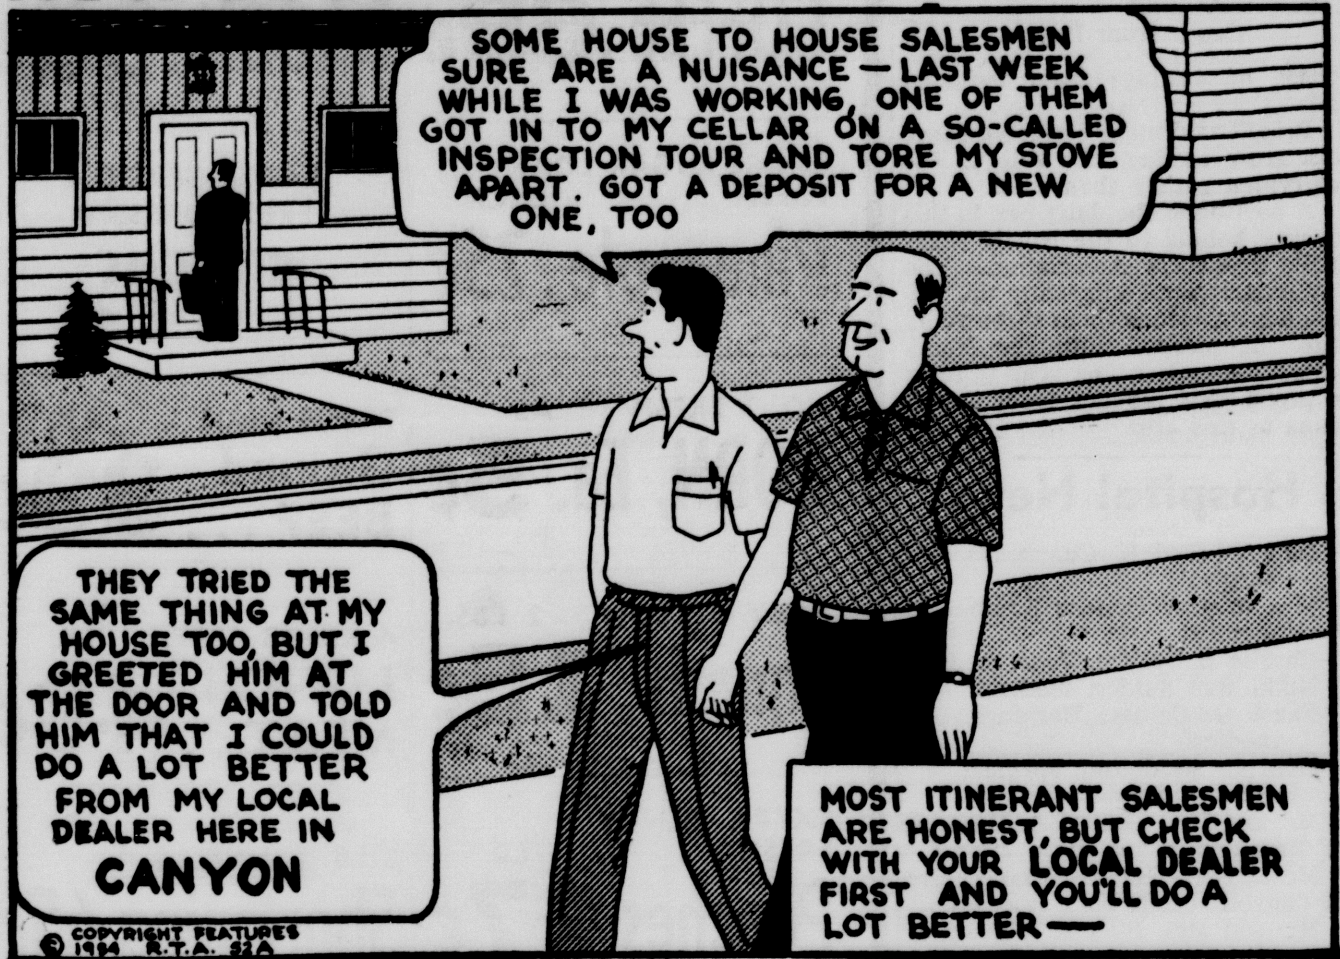

One Member, who was opposed to the bill in the first instance, entered into the debate on the amendment and advised the House that one of the main reasons given for wanting to grant Mr. Eisenhower the powers under the Reorganization Act was because the same powers had been held by Mr. Roosevelt and Mr. Truman. This Member observed that he had understood that Mr. Roosevelt and Mr. Truman had both had the measles, but no one had suggested giving them to Mr. Eisenhower.

But, to get back to the new word—the report that was filed explaining the legislation undertook to quote the original Act, which was Public Law 109 of the 81st Congress. It reads in part as follows:

Sec. 2 (a) The President shall

HOW BOUT THAT

Drawn for THE CANYON NEWS  
By RALPH TEE

examine and from time to time re-examine the organization of all agencies of the government and shall determine what changes therein are necessary to accomplish the following purposes:

(1) To promote the better execution of the laws, the more effective management of the Executive Branch of the government and of its agencies and functions, and the expeditious administration of the public business;

The word, "expeditious" impressed me when I read it because I had never heard of it before, although I did know of several places in which it would fit. In view of the great furor in recent months concerning spending, it occurred to me that there might be such a word so I hastened to the dictionary to find out. I did not find that word, but the nearest thing I could find to it was "expedient." This means, "a laying out of money; disbursement."

There is no question but that the proponents of the Reorganization Act sold this bill of goods on the grounds that it would reduce expenditures and promote economy. In view of this basis for the Act, I made some comparisons on the costs of some of the departments of government.

I found that the cost of one of them rose between 1951 and 1958 by more than 1 billion dollars; another by 100 million dollars; another by 300 million dollars, and numerous others by varying amounts. In this connection, I remember quite well that several years ago a question was posed to the American public which was, in effect: "Are you for or against reorganizing the Department of Agriculture and saving 80 million dollars?" This posed quite a problem, because most everyone was for saving 80 million dollars, but

they had no assurance that a reorganization of the Agriculture Department would effect such a saving.

I am not sure just what plan the questioner had in mind, but surely it must not have been adopted, because the cost of the operation of the Department of Agriculture has increased since 1951 six times over, or by more than 4 1/2 billion dollars. The cost of another department during that time has increased by well over 1 billion dollars.

These facts and figures created a question in my mind, so I went back to the original Reorganization Act and found that the word used, when the Act was passed, was "expeditious." But, after reviewing the matters that have occurred since 1959 and the tremendous increase in the cost of government, as well as many other things, perhaps the drafters of the 1949 Act would have been more correct had they used the word, "expeditious".

THE NEW  
JOHN DEERE  
95 COMBINE

The Biggest  
Self-Propelled  
Ever Built!...

Available with  
16- or 18-Foot Cut

It's the combine we've wanted, and now it's here—the new 16- or 18-foot John Deere 95—the biggest self-propelled ever built. Here's practical bigness—bigness that pays off in many more acres harvested every day—in more grain or seed saved from every acre.

Behind the big cut of the 95 is a 40-inch

feeder... a 40x22 rasp-bar cylinder... 5600 square inches of separating area... 4000 square inches of cleaning area... a big 80 h.p. John Deere Engine... and a 60-bushel grain tank.

Stop in the next time you are in town and see the remarkable new John Deere 95 Combine.

More car than this Impala Sport Coupe is hard to find at any price.

clings to curves like a cat on a carpet!  
the travel-lovin' Chevrolet

Nothing else but a dyed-in-the-wool sports car like the Corvette can take a turn with such solid assurance!

It's easy to see where Chevrolet gets its road sense. With big coil springs at every wheel, a firm, wider stance and all of its pounds distributed with painstaking care, Chevy's born with it.

The only thing that may be hard to understand is how it can offer the ride it does, along with so many other luxury-car virtues, and still compete in the low-price field.

We use the word *compete* only in the sense of price. For with a ride as special as Chevy's, real competitors are hard to come by. There's a world of difference between Chevrolet's coil springs at all

four wheels and the leaf springs that most other cars still use. Take a Chevy down a snaky back road and you'll feel the difference in the sure way it holds through curves and shoots over rough spots with hardly a ripple.

This one's really made to travel and loves every minute of it.

Stop by your local authorized Chevrolet dealer's and sample Chevy's road sense!

chase of ensilage from irrigated farms. Brazzil said many irrigated farmers grow ensilage for sale to the dairymen rather than milo. A portion of the dairymen in this county belong to the North Texas Milk Producers Association. The organization was originally the Tri-State MPA set up about three years ago. It merged with the North Texas association last year to form a group that reaches from Texarkana to this area.

Roy Byrd Jr. To Be Ordained

Roy N. Byrd Jr. will be ordained at the First Presbyterian Church in Canyon June 18 at 7:30 p. m. The commission of Amarillo Presbytery will be composed of Rev. Bert Dowles, moderator, and Rev. Winston Wilbanks, Rev. Berkeley SoRelle, Dr. Lynn Rankin and elder Hatcher Brown. A reception will follow. Following the ordination, Rev. Byrd will be installed as the pastor of the First Presbyterian Church in Valentine, Neb. Rev. Byrd was summer pastor at the First Presbyterian Church during 1957.

Bass Being Stocked In Buffalo Lake

Some 113,000 bass fingerlings were stocked in Buffalo Lake Saturday morning, and another 112,000 are expected this morning. Both batches are from a federal fish hatchery in New Mexico. The fish to be stocked today will be split between the lake and the creek above the lake. Later, channel catfish and crappie will be stocked. The re-stocking program follows the poisoning of the fish in the lake by about a month. It is expected that the new fish, about 1 1/2 inches long, will grow an inch a month and will allow opening of Buffalo for fishing next May.

Courtesy Honors Mary Sue Miller

Neblett Hospital's force honored Mary Sue Bolton Miller, nee Bolton, at the home of Mrs. Peggy Hall recently. Mary Sue, who was married to Leonard Miller May 28, was presented with an electric mixer and a corsage. Mrs. Lewis K. Bolton and Mrs. Vernon Miller were also presented corsages. Mrs. Hall, Virginia Rossiter, Helen Hays and Emma Hood were hostesses. Twenty-three guests were present.

Garden Tour Planned By Club Members

The Canyon Garden Club will have its annual garden tour this Thursday evening when the group will meet at the home of Mr. and Mrs. W. A. Warren to start the tour. Several homes will be included in the tour. The public is cordially invited to make this tour with members of the group. No charge is made. After the Canyon yards have been viewed the club will meet back at the Warren's where light refreshments will be served. Election of new officers will also be held.

Former Residents Honored by Tea

Two former residents were honored by a tea Thursday from 4 to 5 p. m. in the home of Mrs. Lee Foster. Honored were Mrs. Don Trollinger of San Bernardino, California, and Mrs. Oscar Ekelund of Houston, daughters of Mrs. C. M. Presley. An informal hour was spent in visitation. Among the guests were Mrs. Gene Phillips of Austin and her new daughter, Julia Elaine Phillips, and Mrs. Chan Foster of Happy, and her new daughter, Jo Beth.

Qualify This Week For City Tourney

All Canyon golfers are invited to qualify this weekend for the City Championship golf tournament at the Canyon City Club. Entry fee is \$5, and takes care of green fees for non-members. First matches will be played the weekend of June 20. The tournament will be conducted in flights.

Biggest Senior Perch

Jerry Nichol shows his 8 1/4 inch perch that won the prize for the biggest perch in the upper division of the Jaycee Fish Rodeo Saturday.

Biggest Junior Perch

If it had been a whale, Tony Dale Burrus couldn't have been more excited than he was about the 8 inch crappie that won honors as the biggest perch in the lower division of the Jaycee Fish Rodeo.

All Day Meetings Set by 4-H Clubs

Mrs. Mona K. Hildreth, county home demonstration agent, will meet with three 4-H clubs in all day meetings in the next eight days.

She will meet with the Umbarger 4-H Club at 10 a. m. tomorrow in the Max Hoffman home, the Pleasant Jo 4-H Club at 10 Monday in the Farm Bureau building and the West Side 4-H Club at 10 next Thursday in the Farm Bureau building. Members are requested to bring sack lunches.

Bridal Shower Held In Riley Troth Home

A bridal shower June 2 in the home of Mrs. Riley Troth, honored Camilla Davis, who was married June 5 to C. Jay Greenfield of Happy.

At the serving table were Mrs. John Perry Mitchell and Mrs. Jim Johnson, sisters of the bridegroom, and Mrs. Burton Davis, sister-in-law of the bride.

Mrs. Carl Bryan, sister of the bride, was at the guest book. Hostesses were Mrs. D. B. Lowes,

MYF Members Attend Camp

Five members of the Methodist Youth Fellowship are attending a week-long officer training camp at Ceta Canyon this week.

Attending the meeting, which began Monday, are Kerry Knorpp, local MYF vice president; Nancy Cleavinger, local treasurer; Sarah Ragle, sub-district secretary-treasurer; Elizabeth Coke, sub-district president; and Pat Haley, local and sub-district publicity chairman.

Four members attended an annual youth meeting Saturday in Lubbock. Elizabeth Coke and Pat Haley were voting delegates, with Kerry Knorpp and Bill Callarman also attending.

Mrs. Riley Troth, Mrs. D. C. Gamble, Mrs. Doris Gillham, Mrs. Henry Green, Mrs. Lamont Waldrop, Lorena Piper, Florence Clement, Mrs. L. F. Brandon, Mrs. W. W. Camp, Mrs. Lee Roy Moreland, Mrs. Murray Boston, Mrs. Leona Buchanan, and Mrs. Bill Wilson.

Rubber is produced from the guayule, a shrub growing in the Big Bend country of Texas.

Science Education Conference Slated

A science consultant for the Texas Education Agency will be the featured speaker at a conference on "Improving Instruction in Elementary School Science," slated at West Texas State College June 25-26. He is Calvin Hibler, who has a master's degree with major

studies in chemistry and biology. He has taught science for 12 years and worked as a chemist for the Celanese Corp. for five years.

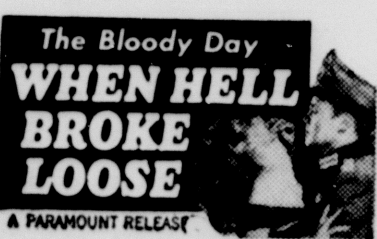

Group meetings will be held for each grade through the eighth. Registration will begin at 8 a. m. June 25 in the foyer of the Education building. Registration fee is \$1.

All teachers, administrators and interested persons are invited to attend.

## 2 Canyon Residents Attend State Meet

Mrs. W. E. Miller, state vice-president, and Mrs. Crews Henry, state recreational chairman, are attending Parent-Teacher Association conferences at the University of Texas in Austin this week.

"Education—Whose Responsibility?" is the theme of the leadership training conference which began today and will end Friday. Dr. C. H. Dent of Austin is in charge. Herman Jones, Austin attorney, will give the keynote address.

Meeting of the 18-member state executive committee opened the annual summer session Monday, with Mrs. W. D. de Grassi of Amarillo, president of the Texas Congress of Parents and Teachers, presiding.

Mrs. Ellen Dell Bieler of Chicago, field representative of the National Congress of Parents and Teachers, was a speaker at the council seminar yesterday.

Until the 19th century there were practically no institutions for care of the mentally ill in the U. S.

Early experimenters with internal combustion engines used gunpowder as fuel.

## Checks Milk Tank

Bill Patke checks the refrigerated milk tank in his milking parlor before starting an afternoon's milking. The milk in the tank is emptied into a tank truck for hauling to processors in Amarillo.

## Fairview Breezes

We have received about two inches of rain this past week.

Mrs. Bobby Gauthreaux and baby daughter, Patricia Nan, were released from the hospital May 31. Bobby had to return to the El Paso air base May 29 after his daughter was born May 28.

Mr. and Mrs. Don Stoneberg and son Jimmy arrived in the home of her mother, Mrs. Georgia Rogers, Thursday evening. After Jimmy was released from the hospital Tuesday. The Stonebergs came to

pick up their other three sons, Garry, Mike and Eddie.

Nancy Cobb visited Thursday through Sunday with Nan Eayle Gauthreaux.

Mrs. G. E. Wesley was released from Neblett Hospital Thursday and is continuing her recuperation at home.

Mrs. Nan Eayle Gauthreaux and daughter and Nancy Cobb visited Nan Eayle's grandmother, Mrs. G. E. Wesley, Friday morning.

Mrs. Letha Patterson and Mrs. Woodrow Wesley were shopping in Canyon Wednesday.

Mr. and Mrs. J. W. Wesley visited Tuesday noon with Mrs. Luther Wesley.

W. L. Wesley, who has been in the Army the past few years, has returned home and is being married soon. He is the son of Lee Wesley.

Mrs. Woodrow Wesley visited Thursday afternoon with Mrs. J. W. Wesley.

Patricia Patterson has moved to Canyon, where she will work this summer and enter WT this fall.

Frank Rogers and Don Stoneberg were in Amarillo on business Friday.

Mr. and Mrs. E. M. Wilson were in Tulia Friday.

Guests at church services Sunday were Mr. and Mrs. Don Stoneberg and their four boys of Tulsa, Okla., Mrs. June Foster, and her five children, Mrs. Bobby Gauthreaux and daughter, Patricia Ann, and Mrs. Virgia Liston's sister and her husband from Plainview.

Virgia Liston's sister and her husband visited Sunday in the Serena Bryan home.

Mrs. Ella Hext visited Sunday

## Sluder Is Stationed At Fulda, Germany

Army PFC Olen F. Sluder, son of Marvin C. Sluder of Happy, is performing patrol duty while assigned to the 14th Armored Cavalry Regiment's 1st Battalion in Fulda, Germany.

The primary mission of the regiment is the constant surveillance of NATO's Fulda Gap, a 100-mile segment of the Iron Curtain which serves as the gateway to Berlin.

A cannoner in the battalion's Howitzer Company, Sluder entered the Army in May, 1955 and arrived in Europe last November.

Sluder, 20, attended Happy High School. Before entering the Army, Sluder was employed by Kreitzer Supply in Amarillo.

night with Mr. and Mrs. Woodrow Wesley.

Mr. and Mrs. J. W. Wesley, Mr. and Mrs. H. H. Shipman, and Mrs. Nan Eayle Shipman and daughter visited Saturday evening in the G. E. Wesley home.

Mr. and Mrs. J. W. Wesley and Virgia Liston visited Monday night in Brownfield with the Wesley children.

Mr. and Mrs. Don Stoneberg and children returned to the air base in Oklahoma Saturday afternoon.

Mrs. Woodrow Wesley visited Sunday afternoon with Mrs. Serena Bryan and saw the Gauthreaux baby.

Jackie Foster has been under a doctor's care after a centipede bit him on the foot.

The Tongue and Thimble Club meeting with Virgia Liston Thursday afternoon was postponed because of wet roads.

Mr. and Mrs. Wyley James and Neil visited Saturday with Mrs. Serena Bryan.

## Former Resident To Retire June 19

A former Canyon resident, Charles Lofton of Huntington Park, Calif., will take voluntary retirement June 19 after serving on the South Gate High School faculty for 29 years.

Lofton, one of the original faculty members of South Gate, was reared in Canyon and attended West Texas State College. In high school he was a reporter for the school paper and later worked for The Canyon News.

His family, the Sam Loftons, were pioneers in Randall County.

In 1956, Mr. and Mrs. Charles Lofton visited here when he took a leave of absence to study higher educational institutions in the so-

cial sciences field.

Lofton has established an annual \$100 Savings Bond award for the South Gate social student with the highest point average, to encourage students to do further

research in history, government or political science.

The most promising people are usually those most heavily in debt.

Just turn a valve, and the volcanic-like substance that looks like charcoal and cooks like charcoal . . . quickly comes aglow to give you the best-tasting barbecue you've ever cooked. Yes, if you own a real barbecue fan, you'll appreciate the wonderful ease and convenience afforded by the remarkable GAS Patio Broiler. Ask for complete details.

## Faville-Stephens Vows Solemnized

Nuptial vows were solemnized May 28 for Mikala Ann Faville and Sherron Stephens in the Joseph A. Hill Chapel here.

Parents of the couple are Mr. and Mrs. Leroy Faville of Texico and Mr. and Mrs. Frank Stephens of Shamrock.

Rev. William Hardwick, pastor of the Hamlin Memorial Methodist Church, performed the double ring ceremony. Attendants were Deloris Willson of Follett, maid of honor, and Jim Bob Lane of Shamrock, best man.

Virginia Leake of Canyon registered the guests.

Mr. and Mrs. Stephens are both attending West Texas State College.

The man with a clear conscience always stays cool under fire.

### IN JUST 15 MINUTES IF YOU HAVE TO SCRATCH YOUR ITCH—

Your 48¢ back at any drug store. Apply ITCH-ME-NOT. Itch and burning disappear! Use instant-drying ITCH-ME-NOT day or night for eczema, ring-worm, insect bites, foot itch, other surface rashes. TODAY at J. J. Walker Prescription Lab.

## Takes Tour of Duty

A/1C Ray Dupree, left, is measured for a uniform by 1st Lt. Benny Cooper of Canyon, on active duty with the U. S. Air Force Reserve. He is on a 15-day tour as supply officer for the 9833rd Air Reserve Squadron.

Some people think the man has pull, but generally it's his own push that gets him to the top.

## Canyon Officer On Reserve Tour

A Canyon man is taking a 15-day tour of duty with the 9833rd Air Reserve Squadron in Amarillo, and is acting as supply officer for the squadron.

He is 1st Lt. Benny Cooper, 2612 Twelfth Avenue.

The 9833rd Air Reserve Squadron serves the Canyon-Hereford-Amarillo area with training facilities for reservists on standby and ready status. An announcement regarding the organization of an Air Force Reserve Flight in Canyon is expected in the near future.

Training facilities and flights are already in operation in Amarillo and Hereford. Air Reservists who desire to be on ready status may be paid for 24 training periods each year plus 15 days of active duty with a unit. He is eligible for regular promotion and retirement benefits.

Former Air Force personnel in the Canyon area may discuss the reserve with Cooper at Cooper's Market.

## Jowell HD Meets With Mrs. Powell

Jowell Home Demonstration Club met June 3 with Mrs. Jack Powell. Members answered roll call with "What I Have Done to Help My Neighbors."

Refreshments of cake, nuts, ice cream and ice tea were served two visitors, Polly Ann and Mary Cummins, one new member, Mrs. Wanda Tucek, and members, Mrs. Jim Bible, Mrs. J. W. Spencer, Mrs. Bertha Evans, Mrs. Gladys Bauer, Mrs. Eula Bonds, Mrs. Fred Soll, Mrs. Bernice Jackson, Mrs. E. C. Robinson, Mrs. Pauline Cummins and the hostess.

The club will hold a family picnic in Conner Park Aug. 7.

Next meeting will be in the home of Mrs. Bernice Johnson on June 17.

## Appliance Queries Included In Census

Special questions on the ownership of several kinds of household appliances will be asked in the June current population survey, according to Francis H. Wilmer, director of the U. S. Census Bureau's regional field office in Denver, Colo.

Questions on household appliances will cover electric and gas ranges, sewing machines and electric toasters. Owners will be asked when these appliances were acquired and whether similar items were taken out of service since June 1, 1958.

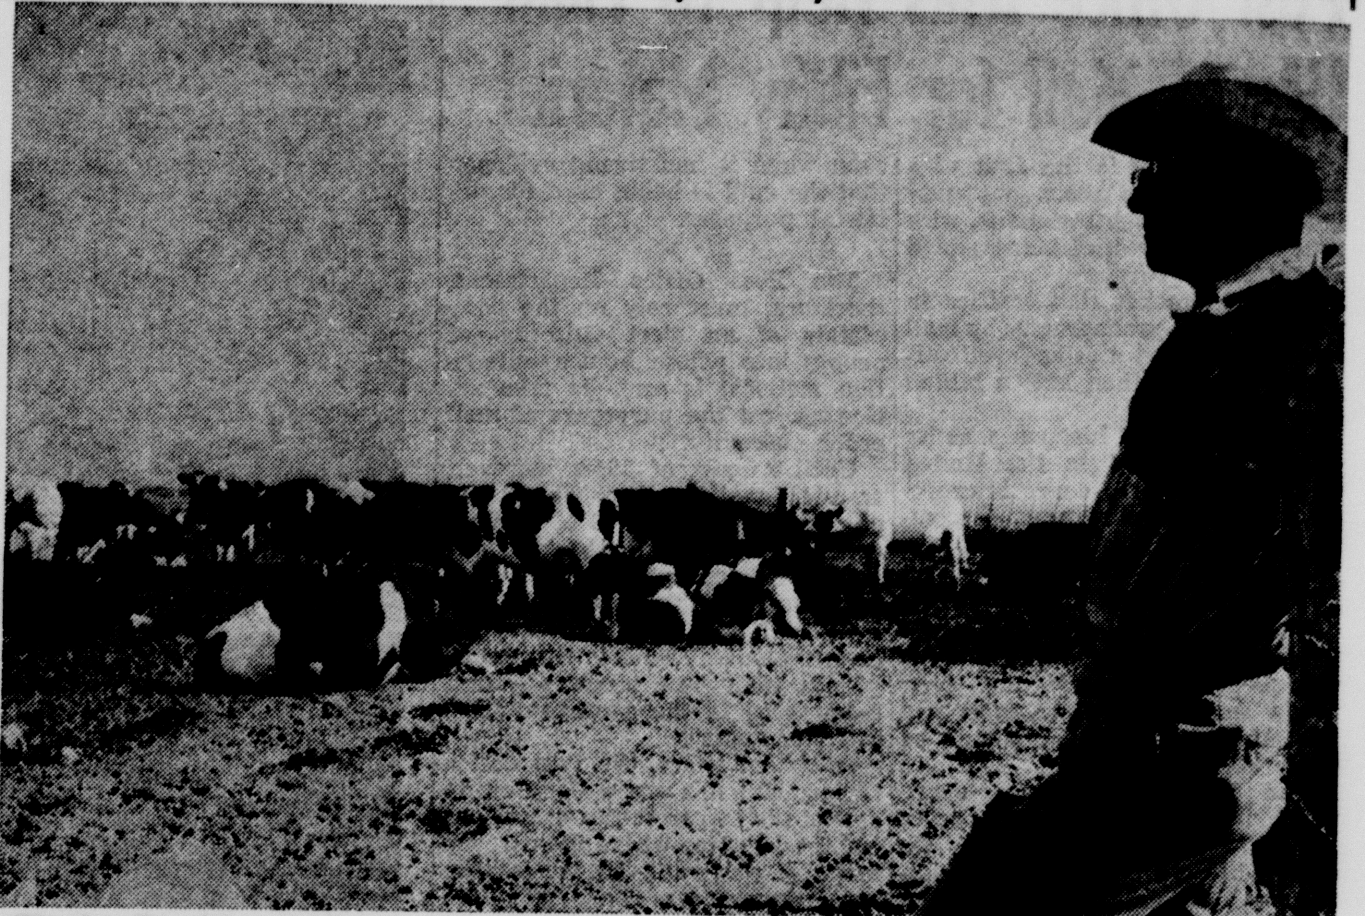

Current population survey will be conducted here during the week of June 15. Information will be collected by enumerator Nan Gamble.

## Canyon Kiwanians Attend Convention

Mr. and Mrs. George Blackwell and Mr. and Mrs. E. T. Cummings will attend the 44th annual convention of Kiwanis International in Dallas beginning Sunday.

The convention is expected to attract 14,000 Kiwanis members, their wives and families. The speakers' slate includes nationally and internationally famous figures. In addition to the Kiwanis International President, Kenneth B. Loheed of Toronto, Canada, the slate includes Gen. Alfred Gruenther, president of the American Red Cross; Dr. George S. Benson, president of Harding College; Douglas White Ambridge, president of the Abitibi Power and Paper Company; and the Rev. James Pike, Episcopal bishop of California.

## Randall County Dairy Leader

Charles Gerald, president of this district of the North Texas Milk Producers Association, looks over his dairy herd of Holsteins. Gerald's farm is north of Canyon.

## Milk Prices Rise Little Since War

Can you think of any food that has gone up so little as milk since the war?

Average price for a quart of milk is only about 20 percent higher now than 10 years ago, says the Agricultural Marketing Service.

However, the milk you're buying now is better than the milk you bought before the war. It's cleaner, safer to use, consistently tastes good and keeps longer.

Also, today's milk is pasteurized, homogenized and frequently has vitamin D added.

Better breeding and management of dairy herds has enabled dairymen to keep the costs of milk stable, says the Texas Extension Service dairy husbandmen.

## College Enrollment Stands Over 1100

Enrollment in the first six weeks term at West Texas State College is 1,127, according to Dr. James P. Cornette, president.

A total of 1,147 are in classes but not all have paid their fees, Dr. Cornette said. Final enrollment figures are expected to be around 1,140 or 1,145.

Enrollment in the first six weeks term of 1958 was 1,070.

## Post Office Asks Help To Fight Use of Mail for Filthy Material

(The following is the first of a series of articles about obscenity being sent through the mails, with much of the material being aimed at children.)

The vile racket that traffics in obscenity and pornography by mail has now reached a sales level estimated at more than half a billion dollars a year.

Relying on the historic sanctity of first-class mail in the United States, and liberal court interpretation of what constitutes obscenity, peddlers of filth can reach into virtually every home in America.

This is a matter of growing concern especially to American parents because teenagers and even grade school boys and girls are becoming the principal targets of these racketeers.

The Post Office Department, which is responsible for enforcing the laws against transmitting indecent literature and film through the mail, estimates that merchants of such filth will double the scope of their already extensive operations over the next four years unless parents and the decent-minded public join in a determined campaign to stamp out this racket.

Postmaster General Arthur E. Summerfield has emphasized that the absolute privacy of the mail is a basic American right, and that the Post Office Department cannot, and will not, violate this right,

even when it has strong evidence that the mail is being used for unlawful purposes.

The Post Office Department, therefore, must rely on the complaints of an alert citizenry—of people into whose homes solicitation material is sent—to take action against the purveyors of mail order obscenity.

Until August of 1958, however, an additional handicap was placed on the Post Office Department. Obscenity laws had shackled the mail. This meant that court actions were taken primarily in New York and Los Angeles, where interpretations of what is obscene or pornographic are much different from those in the average American community.

In recent years, the Post Office Department has urged Congress to amend the law so that prosecutions could take place where the obscene material was received, where the actual damage was done, and where citizens would have an opportunity to express their standards of morality and decency. This amendment was enacted, and signed into law, in August, 1958.

Taking advantage of the new legislation, the Post Office Department during the past year has completed approximately 14,000 separate investigations, almost two-thirds of them based on complaints from American parents whose chil-

Crister Crain looks over heifers he is raising as replacements for his dairy herd. The heifers are pastured on grassland, and will become the cows of his milk herd in later years.

dren received lewd solicitations for sales of obscene materials through the mails.

A child need not have indicated any interest in this trash to receive it in the mail. The racketeers openly solicit every young person whose name they can obtain, whether through the purchase of mailing lists, study of school class-books, or through the use of fake business "fronts." Postmaster General Summerfield says the department has thousands of letters from indignant parents whose children received unsolicited obscene material soon after answering an advertisement to purchase some innocent item such as a baseball bat or a toy automobile, or whose names were obtained because they had joined a youth club or social group.

In a recent raid by the postal inspectors in New York on just one dealer in pornography, 18 tons of highly obscene printed and filmed materials were confiscated, as well as mailing lists containing the names of thousands of high school graduates culled out of high school yearbooks.

The Post Office Department estimates that between 700,000 and a million children in American homes will receive unsolicited,

obscene and pornographic literature through the mails this year.

To fight the use of mails for sending obscenities, the Post Office program is four-fold.

1. Draw maximum public attention to the menace of the racket;
2. Urge parents to help apprehend the mailers of filth to their children;
3. Help mobilize community support behind adequate law enforcement of local ordinances or state laws when these purveyors are apprehended and brought to court;
4. Rally public opinion behind new and stiffer legislation.

Parents into whose homes material is mailed are urged to take these two simple steps:

1. Save all materials received, including the envelope and all enclosures;
2. Report the matter immediately to the local postmaster, and turn the materials over to him, either in person or by mail.

Postal inspectors stand ready to take action when evidence is received anywhere that the laws applying to the mailing of pornographic material have been violated. The Congress has shown deep concern over this problem, and special committees are currently

giving it serious study.

By supporting and aiding the Post Office, decent people can look to the real success that is vital to the nation's moral fiber and future welfare.

### Priscilla Club Meets In Daugherty Home

Mrs. J. M. Daugherty was hostess to the Priscilla Club June 3.

Mrs. Daugherty served congealed salad, hot rolls and coffee. Early summer flowers were used for decoration.

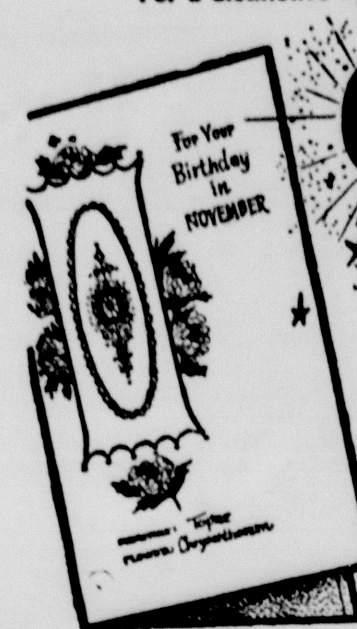

Guests were Mrs. Ernest Brown, Mrs. Jessie Parker, Mrs. C. M. Dowlen, Mrs. L. L. Jones, Mrs. S. B. Louder, Mrs. Gladys Marshall, Mrs. Ray McReynolds, Mrs. A. H. Prichard, Mrs. Cecil Simms, Mrs. T. S. Stevenson Sr., Mrs. H. M. Stokes, Mrs. E. D. Walker and Mrs. Dudley Moore Sr. Guests of the club were Mrs. J. A. Woodfin, Mrs. Ada L. Wood and Mrs. Bill Downing.

Mrs. Tom Sifert and children, Ann and Tommy, of Davenport, Iowa, are visiting in the home of Louis Henders Sr.

Spend your time practicing religion—not talking about it.

## 200-Bed Hospital Put in Canyon By Civil Defense Organization

A 200-bed hospital was installed in Canyon Monday afternoon.

The hospital, an emergency unit of the Office of Civil and Defense Mobilization, was not exactly installed. It was brought to Terrill Hall on the WT campus for temporary storage. Later it will be moved into a new warehouse of the maintenance department at the college.

Permission to store the hospital on the campus, and use campus buildings to operate it in the event it becomes necessary, was given several months ago by the board of regents.

The hospital unit, which takes up 1600 cubic feet when stored and 15,000 square feet of floor space when operating, can be used in any community in the area which has a disaster of a magnitude to need it. Permission to use it must

be obtained from Civil Defense officials in Washington, according to Bob Roseberry, Amarillo-Potter County Civil Defense Coordinator.

The hospital includes every piece of equipment that a 200-bed hospital would need, including operating room facilities, X-ray, fluoroscope, blankets, pillows, cots, mattresses, L-P gas stoves and a 15,000 watt generator.

The storing of the hospital here is a part of a program to pre-position medical facilities in the event of an atomic attack, Roseberry said. The equipment has been assigned to the Emergency Medical Service and the Potter County Health Association for operation.

A team of doctors, nurses and technicians will be assigned to operate the hospital in an emergency, Roseberry said. Teams of skilled workmen will be recruited to set the hospital unit up, he said.

## Rainbows Install Ocoee Johnson

A public installation was held by the Order of the Rainbow for Girls at the Masonic Hall at 3 p. m. June 6.

Ocoee Johnson was installed as worthy advisor. She announced Margaret Johnson as installing officer, Janis Leake, marshal, Doyla Black, chaplain, Janie Bookout, recorder, and Ruth Francy, musician.

Other officers installed were Suzanne Lemons, worthy associate advisor; Marie Dowlen, charity; Lynda Troth, faith; Barbara Hall, chaplain; Cheryl McClure, drill leader; Janis Miller, love; Marita Gill, religion; Frances Kiker, nature; Gloria Buchanan, fidelity; Lois Harlan, patriotism; Bobbie Kay Parsons, service; Ann Warwick, outer observer; and Mary Ann Wheelock, choir director.

Judy Parsons, retiring worthy advisor, turned over the gavel to Ocoee, who introduced her parents, Mr. and Mrs. Lee Johnson, and presented them with a gift. She also gave gifts to her installing officers.

Miss Johnson was given a gold key representing the key to happiness and was led around seven stations. She was presented with seven carnations, which were placed just back of the handle of the key. Each carnation represented a letter in the word "service."

Officers paid tribute to the outgoing worthy advisor. Refreshments were served.

Ocoee chose white and violet as her colors and "Happiness Through Service" as her motto.

The Alhambra, celebrated 14th century palace in Granada, Spain, has a circumference of 2 1/4 miles.

It's surprising how many people waste their time telling others not to waste theirs.

Invertebrate refers to animals which do not have a backbone.

## Wins Degree

MILTON V. BACKMAN

## WT History Prof Gets Doctorate

Milton V. Backman, instructor in history at West Texas State College, will be awarded his Doctor of Philosophy degree by the University of Pennsylvania at 10 a. m. Wednesday.

A proxy, Manuel Chavez of Philadelphia, will pick up the degree in history for Backman, who is unable to attend because of teaching duties at WT this summer.

Backman's dissertation was "Isaac Backus—A Pioneer Champion of Religious Liberty." Backus, a Baptist minister during the Revolutionary period, was the leading historian of the sect and one of the most active revivalists. He was a leader in Massachusetts for religious freedom and the leading Baptist apologist, writing 39 tracts besides his 3-volume history.

Backman, who came to WT in the fall of 1958, received his B.S. and M. A. from the University of Utah. He also studied Latter Day Saints Institute of Religion. He served for 30 months as a missionary for the Church of Jesus Christ of Latter-day Saints in Louisiana and the Union of South Africa.

During the Korean War, he served in the U. S. Air Force. Backman is married and has one daughter, Kristine.

## Eastern Star Installs Officers

Nadene Lyles was installed as worthy matron and Crawford Kiler was installed as worthy patron in rites held recently at the Masonic Hall by the Canyon City Chapter No. 105, Order of the Eastern Star.

The Bible was presented by Randy Lyles, son of the worthy matron.

Orla Hughes, retiring worthy matron, gave the welcome and introduced the installing officer, Al-leene Leake. She was assisted by Faye Cannedy, installing marshal; Clara Lou Slack, installing chaplain; Leatha Fullerton, installing secretary; and Wilma Hixson, installing organist.

Other officers installed were Ruth Shero, associate matron; Reeves Donnell, associate patron; Irene Beard, secretary; Mary Lee Colclazer, treasurer; Sylvia Brown, conductress; Fern Kiker, associate conductress; Bob Hall, chaplain; Viva Cabe, marshal; Cortez Dowlen, organist.

Reabeth Abbott, Adah; Bobbie Williams, Ruth; Maxine Sherrod, Esther; Peggy Hall, Martha; Edith Howard, Electa; Florence Moore, warder, and Jim Cabe, sentinel.

Following the installation, the worthy matron made a short address, outlining "Faith, Hope and Charity" as the year's theme. She introduced Frank R. Phillips, past grand patron, and Olga Phillips, grand representative of Utah in the Grand Chapter of Texas.

A brief program followed. Paula Fields of Littlefield played piano selections. Also on the program were a drill by the Rainbow girls of Canyon and a solo, "The Hills of Home," by Bill Knighton.

The Rev. Strauss Atkinson gave the benediction.

About 100 guests were served from a table laid with a coral net overlay and centered with an arrangement of coral and white carnations.

Mr. and Mrs. Bill Sellers and children of Canyon recently visited his parents, Mr. and Mrs. H. M. Sellers, of Dumas.

## 'Bad Seed' Opens 11th Summer Season at Branding Iron Theatre

Maxwell Anderson's "The Bad Seed" will open the 11th summer theatre season at West Texas State College when it is presented June 10-13 in the Branding Iron Theatre.

Performances will begin at 8:15 p. m. Admission is 75 cents for children.

Two father-son teams are featured in the cast. Aven Smith of Dallas will portray Kenneth Penmark, and his father, W. L. "Bill" Smith of Amarillo, will portray Mr. Daigle, father of a boy drowned on a school picnic. Wam Moore of Canyon is cast as a messenger and his father, William A. Moore, will portray Richard Bravo. Moore, who has directed many BIT plays, will be taking his first role on the BIT stage.

Others in the cast are Elizabeth Glenn of Amarillo, Rhoda Penmark; Patricia Starr Hall of Amarillo, Christine Penmark; Dolly Lynch of Amarillo, Monica Breed-

love; Jerry Ballew of Perryton, Emory Wages; Jack Reynolds of White Deer, Leroy; Patsy Altmiller of Darrouzett, Miss Fern; Dr. Wendell Cain of Canyon, Reginal Tucker; and Mrs. Francis Ondracek of Dalhart, Mrs. Daigle.

Mrs. Margaret Echols Moore of Canyon will be director of the drama, designed and staged by Robert L. Antrim, technical director of BIT.

Outstanding WT graduates were invited to be in this play, the last show Mr. and Mrs. Moore will direct in BIT. Mr. and Mrs. Moore will leave Sunday for the University of Michigan, where Moore will work on his doctorate. By September, the speech department will be housed in the Fine Arts Building, now under construction.

## Cummings, Taylors Have Anniversary

Mr. and Mrs. E. T. Cummings were in Austin last week, where Cummings attended a conference of Texas County Auditors. The Cummings were met there by Mr. and Mrs. V. L. Taylor of Amarillo, and the two couples went to New Orleans to celebrate their joint 30th wedding anniversary.

The Cummings and the Taylors were married June, 1929, in a double wedding in Plainview. Cummings said the two couples have been together most of their wedding anniversaries, but this is the first time they have taken a trip together.

The Andes Mountains extend in an unbroken chain through South America for 4,000 miles.

People who are convinced that this is a crooked old world should straighten their own course.

## Get Geography Tour Reservations

A few reservations remain for West Texas State College geography department's tour of New England, Canada, and Nova Scotia.

Reservations of \$50 for the 30-day tour, offered for either graduate or undergraduate credit, may be made through the business office at WT. Only those persons seeking college credit will be accepted. Total cost is \$395.

The geography 407 tour will leave WT July 20 for Washington, D. C., New York City, Boston, Portland and Halifax, N. S., and will return through Quebec, Montreal, Ottawa, Detroit, and Tulsa, arriving back Aug. 18. Final exam for the course will be given Aug. 21.

Dr. M. B. Measamer, head of the geography department, may be contacted for further information.

Mr. and Mrs. Chris Wooten and family are visiting for two weeks with his brothers and their families, the Lee Roy Wootens, Dr. and Mrs. W. J. Wooten Jr., and Ronnie, the Elmer Wootens in Dumas, and his parents, Mr. and Mrs. W. J. Wooten Sr., in Canyon. The Chris Wootens are former residents of Canyon and now live in Baytown where he is employed at a chemical company.

## Exchange Nuptial Vows

MR. AND MRS. LEONARD DALE MILLER

## Bolton-Miller Married in Double Ring Ceremony at Joseph A. Hill Chapel

Dr. Strauss Atkinson, pastor of the First Baptist Church, read the double ring ceremony uniting Mary Sue Bolton and Leonard Miller in marriage at 8 p. m., May 28, in the Joseph A. Hill Chapel.

Parents of the couple are Mr. and Mrs. Lewis K. Bolton and Mr. and Mrs. Vernon Miller, all of Canyon.

Mrs. Bill Conway, organist, played "Indian Love Call" while the candles were lit by Kathleen Miller, sister of the bridegroom. Mrs. Conway accompanied Mrs. Farrell Devenport who sang "You'll Never Walk Alone," "Ave Maria" and "The Lord's Prayer."

Traditional processional and recessional were used.

The ceremony was read before an archway of greenery, backed by a white satin draped altar with garlands of greenery and white carnations. Baskets of white gladioli and candelabra completed the setting. A white kneeling bench was used during the ceremony.

Attendants were Mrs. Allen Simpson, bridesmaid; Mrs. James Kauffman, sister of the bride, bridesmaid; Florence Clement, maid of honor, and Mrs. Bill Cunningham, sister of the bride, matron of honor. All were identically attired in light blue street length taffeta dresses with darker blue crushed cummerbunds and a bustle effect bow. They wore head-dresses of ruffled net and carried cascade arrangements of white majestic daisies, centered with blue.

Best man was Richard Burgess, and groomsmen were A. L. Pruett, Dory Funk Jr. and Roy Hunter.

Gary Humphries and Roy Hunter were ushers.

Janetta Williams of Lawton, Okla., niece of the bridegroom, was flower girl, and Kirk Williams of Lawton, bridegroom's nephew, was ring bearer.

Escorted to the altar by her father, the bride wore a gown of imported white Chantilly lace over bridal satin, styled with a scalloped drop yoke and wide crushed cummerbund. A large bustle effect bow was accented by a floor length full skirt over hoops. Fitted sleeves terminated in petal points.

Her over-the-face veil fell from a crown of seed pearls and sequins edged with imported scalloped lace. She carried a hand made handkerchief, a gift from the bridegroom's grandmother, and she wore the traditional blue garter and penny in her shoe. She carried a cascade arrangement of gardenias and English ivy.

The mother of the bride wore a toast colored lace dress, while Mrs. Miller chose a dusty pink lace dress. Both wore white glamelia corsages.

A reception followed in the Baptist Student Union. Mrs. Annette Snapp registered guests at both the wedding and the reception.

The bride's table was covered with a white floor length organdy ruffled table cloth and centered with a wedding arch of white net tied with white wedding bells, accented by sprays of white carnations.

Crystal candleholders with white

tapers and a crystal service completed the service.

Karen Brewster furnished background music. Assisting were Mrs. Annette Snapp, Mrs. Jim Golden, Linda Troth, Dena and Judy Bolton of Amarillo.

The bride chose a suit of gray floral silk with white lace gloves and hat and black patent accessories for the wedding trip.

A graduate of Canyon High School, the bride has attended West Texas State College and Texas Western College at El Paso, where she was a member of Delta Gamma sorority and the Goldiggers, a marching group. Also a graduate of Canyon High School, the bridegroom attended the University of Houston, where he was on the football team. He will return to school there this fall. The couple are living at 508 Belview, Amarillo, and he is working at Tascosa Country Club.

### Sworn In

**David D. Lightfoot and Howard B. Hooks, West Texas State students, are sworn in by Lt. Sanderson, adjutant of the U.S. Army Recruiting Main Station in Amarillo, in a ceremony observed by Dr. Walter H. Juniper, dean of WT.**

### WT Students Enlist In Regular Army

Two WT students enlisted in the Regular Army under the Buddy Plan recently, and swearing-in ceremonies were conducted at the college.

The two, David Lightfoot and Howard B. Hooks, both of Amarillo, plan to attend officer candidate school. They will be given OCS tests at Fort Carson, Colo., and will submit applications for OCS there.

Lightfoot completed two years at Amarillo College before attending WT and has been a member of the national guard for the past four years.

Hooks attended New Mexico Military Institute at Roswell, Vanderbilt University, and attended WT the past year.

### Variety Ring Meets In Marshall Home

The entire membership, 15 persons, was present when Mrs. Fred Marshall was hostess to the Variety Ring June 5.

Refreshments were served to Mrs. George Barker, Mrs. K. E. Hines, Mrs. George Cox, Mrs. P. L. Pitt, Mrs. J. P. Hammons, Mrs. W. L. Rice, Mrs. Leonard Winters, Mrs. Levi Cole, Mrs. Rae Walters, Mrs. Earl Burtz, Mrs. Mae Johnson, Mrs. Leslie Neal, Mrs. Fred Marshall, Mrs. Lang Hunter, Mrs. Jeanette Robbins and one guest, Caroline Neal.

Next meeting will be with Mrs. W. L. Rice.

### Control Grubs In Dairy Cows

Cattle grubs, which annually cause over \$100,000,000 loss to beef and dairy cattle producers, have been successfully controlled on non-lactating dairy cattle at the Tyler Substation. Dow ET 57, a systemic insecticide used and a 91.5 per cent grub control was obtained on herd replacements and non-lactating dairy cattle.

There have been no previous reports of using systemic grub control in dairy cattle although beef cattle producers have obtained 81 to 96 percent control with the systemics. This systemic has not been approved for lactating dairy cows because of the elimination of the pesticides in the milk. The Pure Food and Drug Administration has approved the use of this systemic on beef cattle, when the animals are not slaughtered within 60 days after treatment.

Forty-two animals received a single treatment of one part of the systemic to two parts of water administered as a drench at the rate of one ounce per 100 pounds of body weight.

The treatment administered on

### Burgess-Willson Vows Exchanged

Mrs. Sallie Burgess of Canyon and Clarence Willson of Brownwood were married June 4 at 4 p.m. in the home of Mr. and Mrs. C. M. Dold of Mason.

The Rev. Raymond Taylor, pastor of the Mason Methodist Church, performed the double ring ceremony. The couple will live on his farm near Brownwood.

Present were Otis Willson and Glynn Willson of Brownwood, Mrs. Raymond Taylor and Mr. and Mrs. Dold of Mason.
